

List of Topics to Consider for Further Discussion

The following list is drawn generally from ideas or suggestions offered in the past by Manatee Protection Plan Review Committee members. It is offered as a starting point, to determine whether or not the committee should continue discussion of a topic. If the majority of members wish to continue discussion, more specific and detailed recommendations on the topic may follow.

Whether or not MPP facility siting guidelines (locations, types of facilities, number of slips, etc.) should be changed

Slip transfer in restricted areas, or slip banks

Dry storage slips and facilities

More water taxi and transient (courtesy) docks in the downtown area

Number of slips at single family docks

Changes to “performance criteria” (variance) section of the MPP

Clarifications to the MPP to make it easier to understand

Increased focus on application of manatee data

Increased education in general and for the boating public specifically

Optimizing law enforcement
